

# Rectangle Ratios

A large grid composed of 10 columns and 10 rows of squares. The grid is filled with a repeating pattern of gray and white triangles. The grid is divided into several sections by thick black lines:

- A 2x2 grid in the top-left corner, with the top-left square labeled 'K' and the top-right square labeled 'E'.
- A 2x2 grid in the top-right corner, with the top-left square labeled 'J' and the top-right square labeled 'G'.
- A 2x2 grid in the bottom-left corner, with the top-left square labeled 'A', the top-right square labeled 'D', the bottom-left square labeled 'C', and the bottom-right square labeled 'B'.
- A 2x2 grid in the bottom-right corner, with the top-left square labeled 'F'.
